Congratulations

to our **2026 SCHOLARSHIP WINNERS**

The Baldwin County Home Builders Association awarded \$10,000 in annual scholarships to local students. Since 1997, the BCHBA has awarded scholarships to deserving students pursuing careers in the home building industry. Qualifying students must be enrolled in construction-related studies in a technical school or college. To date, the Association has awarded \$153,600 in scholarships to help students in Baldwin County prepare for careers in the home building industry. The Association is reaching out to students to encourage them to pursue a career in the building industry. We strive to assist them in their pursuit, whether it be as a builder, architect, engineer, plumber, carpenter, electrician, welder, landscaper, etc. There is a dire need for skilled individuals.

From L-R: Michael Neese -Young Professionals Chair, Graham Armstrong, Nick Russo, Ben Alberstadt, Molly Arnold, Jack Gregorius, Veronica Farlow, Lance Wade, Leyton Duggar, Nancy Martiniere - BCHBA Associate Council Chair. Not shown - Aniyah Baker and Mackenzie Gwaltney.

Ben Alberstadt

Ben is attending Auburn University and is majoring in Building Science and Construction Management. "Once my job footing is firm beneath me, I plan to give back to the community. Working with a collaborative team of industry volunteers, I would like to build emergency housing to help in-crisis who are victims of disaster or economic distress to transition back to a permanent residence and community." The son of Joe and Jennifer Alberstadt of Daphne, Ben is a member of the NAHB Auburn Student Chapter and the Zuni Tribal Missions. He is playing Rec League Flag Football at Auburn and is interning White-Spunner Construction.

Graham Armstrong

Graham is studying Civil Engineering at Auburn University. "I have seen how local environmental conditions affect construction. Ultimately I aspire to help create homes that are strong, sustainable and affordable, contributing to a resilient housing industry that serves Gulf Coast communities." The son of Brian and Erin Armstrong of Silverhill, Graham is a member of the student chapter of the American Society of Civil Engineers. He is an accomplished runner. He has secured a Summer 2026 internship with Cunningham DeLaney Construction.

Molly Arnold

Molly attends Auburn University, majoring in Building Science with a minor in Business. "Choosing a career in homebuilding aligns with my passion for serving others in a hands-on, impactful way. There is a unique sense of fulfillment in seeing a project through from concept to completion, and I look forward to building not just homes, but lasting relationships rooted in trust, integrity and excellent work." The daughter of Neal and Jennifer Arnold of Daphne, Alabama. Molly is a member of Sigma Lambda Chi Region 8 & 9 Student Competition Team and plays varsity softball. She has served as a superintendent intern with Radcliff Contractors.

Aniyah Baker

Aniyah plans to attend Lincoln Tech and study Electrical and Electrical Systems Technology. "I have chosen to pursue a technical trade due to my passion and curiosity for assembling and understanding how things work. Two activities I find the most interesting are wiring and carpentry. I find them interesting due to the problem solving skills required. I like the ability to create and design something from memory." The daughter of Jeremy and Adrea Baker of Fairhope, Aniyah is part of the Student Training and Exploration Program and likes to read young adult novels. She served as an intern with City of Fairhope Utilities.

Layton Duggar

Layton is enrolled to attend Auburn University and will major in Building Science. "I've grown up watching my parents build and grow their home building company, Duggar Homes. Over the years I've helped clean up around job sites, watched different trades at work, and had a firsthand look at the building industry. Seeing their work up close has made me want to go into the building field myself." The son of William and Betsy Duggar of Fairhope, Layton is a member of the National Honor Society and the Mu Alpha Theta Math Club. He is an accomplished sailor, serving as a Sailing Instructor at the Fairhope Yacht Club and has worked for The Grand Hotel and maintains his own lawn care business.

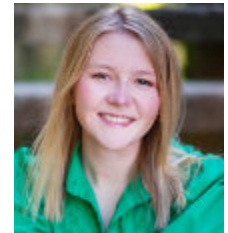

Veronica Farlow

Veronica plans to study Architectural Engineering at the University of Alabama. "Growing up around construction sites sparked my curiosity about how structures work and how the designs can shape the way people live. With an architectural engineering degree, I want to design both residential and commercial homes, focusing on the building science rather than the exterior appearance." The daughter of Chris and Jennifer Farlow of Fairhope, Veronica is a member of Future Business Leaders of America and the National Honors Society. She enjoys dance and playing pickle ball with her family. Veronica recently completed an internship at Valere Homes.

Jack Gregorius

Jack is majoring in Building Science at Auburn University. "The welcoming and family-like atmosphere is what truly draws me to building science. From breaking ground to the very end, the builder and homeowner must communicate and create a bond and trust that everything will come out perfect. The builder is ultimately in control of the end product, and that is an honor and responsibility I'm looking forward to experiencing." The son of Tim and Haley Gregorius of Fairhope, Jack is on the Deans List and is a member of the National Honor Society, is a member of Future Business Leaders of America and is playing intramural men's basketball. Jack works for Frostholt Construction.

Mackenzie Gwaltney

Mackenzie attends Auburn University and is majoring in Architecture. "I am drawn to residential architecture because it combines creativity, problem solving, and the opportunity to make a real difference in people's lives. Homes are more than just buildings; they are places where families grow, celebrate milestones, and feel safe. Being part of designing these spaces would be both meaningful and rewarding." The daughter of Mark and Debra Gwaltney of Fairhope. Mackenzie is a member of the Delta Zeta sorority and is a member of the American Institute of Architecture Students. She enjoys singing, acting and writing. She has served as an intern with Walcott Adams Verneuille Architects.

Nick Russo

Nick will be attending Auburn University, majoring in Building Science. "Almost everyone remembers the house they grew up in. Homes act as anchors to our identity and are necessary for a good foundation. One unique thing that interests me the most about home building is that you can create something that will last and be cherished for decades. You can see the house you built turn into a home." The son of Kristine Russo of Fairhope, Nick was a captain on his high school football team and the 4A Region 1 linebacker of the year and enjoys geography and the outdoors. He has been apprenticing as an electrician.

Lance Wade

Lance plans to study Building Science at Auburn University. "The career I wish to follow is project management because it combines leadership, organization and the ability to turn ideas into reality. I am drawn to the responsibility of guiding a team toward a shared goal and seeing a project move from blueprint to completion. I am motivated to work hard, lead with integrity and contribute meaningfully to the projects and communities I will one day serve." The son of Jefferey and Courtney Wade of Fairhope, Lance is a member of the National Honor Society and served as a youth intern at Celebration Church. He enjoys hunting and swimming. He has worked as a pool technician at the Fairhope Yacht Club.

RELEASE FORM EXPLANATION

Copyright laws can be an asset to many builders and designers. They help protect a builder's most successful and popular house plans – particularly those that serve as the builder's strongest marketing asset. At the same time, copyright law can be a significant problem. Unfortunately, there is a great deal of confusion among builders, architects, and designers on the basis of copyright law and how it applies to architectural plans and drawings. As a result, copyright infringement litigation is taking place across the country. It is important for builders to take positive steps to avoid these problems.

For this reason, the Baldwin County Home Builders Association has adopted the following release form that will be required of every builder who participates in the 2026 Parade of Homes. This form simply gives BCHBA permission to reproduce the photographic images or artistic rendering builders will provide for the Parade. Please make sure you have your designer or architect sign this form. If the builder is the original designer of the plans, then please sign the appropriate form to give us permission to reproduce the plans.

Moreover, Copyright Owner indemnifies and holds Builder and BCHBA harmless from claims of third parties relating to the use of publication of the Plans, Photos, Videos or Renderings in the 2026 Parade of Homes, this indemnification to include, but not be limited to claims of copyright infringement and/or conversion.

2026 PARADE OF HOMES BUILDERS CONTRACT

Please read this contract thoroughly.

This agreement is an application by the undersigned to build or remodel a house in the 2026 Parade of Homes. In consideration of the Baldwin County Home Builders Association (BCHBA) providing services in conjunction with the Parade of Homes, the applicant agrees and is bound by the following rules and regulations:

1. Builder must be a member in good standing of the BCHBA to receive BCHBA Member fee. Dues must be current. All fees are non-refundable.

New Home fees:	Member	Non Member
	\$1,350	\$1,825

Remodeled Homes fees:	Member	Non Member
	\$725	\$1,225

2. Change Fee: any changes made to plans, descriptions or any part of your entry after the original date of entry will require a \$200 change fee. No changes will be accepted under any circumstances after September 24.

3. Entry is completed when all of the following required material has been submitted and accepted. Partial submission does not constitute entry. Proof of insurance, plan designer's signed release form, front elevation, home plotted on map, directions to the home, completed page of information for publications including house description and builder bio, signed contract and entry fee.

4. Builder shall maintain General Liability insurance policy in the amount of \$500,000 and name the BCHBA as an additional insured during the dates of the Parade. Builder shall provide the BCHBA with a certificate showing Proof of Insurance. (Call regarding Indemnification and Hold HARMLESS Agreement).

5. The Builder shall be solely responsible for making the site safe and secure for the entry and use by the public and all other persons whose entry to the site is foreseeable. The builder warrants and represents that the site will be safe and secure at all times during the Parade so as to avoid or minimize the potential for bodily harm or property damage. Builder hereby indemnifies and holds harmless BCHBA, BCHBA's agents, directors, officers, employees, volunteers, committee members and chairpersons and all other participants in the Parade from and against any and all claims, demands, suits, losses or other liability for or relating to injury or loss of life to persons or damage to or loss of property arising from Builder's entry in the Parade or from the conduct of Builder's business or from any work done, permitted or suffered by Builder in or about the site except for liability for damages arising out of bodily injury to persons or damage to property caused by or resulting from the sole negligence of the indemnified persons or indemnities specified herein.

6. The Parade Committee may, upon survey and consensus of participating parade builders, delay the parade dates if it is deemed necessary if weather conditions prevent parade homes from being completed in time.

7. During construction, each participating Builder agrees:

- a. To be responsible for the removal of rubbish and excess materials and keep site clean.
- b. Sub-contractors and material men will not block access to other jobs and will not drive across other lots, and track dirt in the streets, and to confine parking for tradesmen away from existing homes in the neighborhood.

8. During the Parade, no vehicles of builders, contractors, or Realtors may be parked in the driveway, yard or street in front of a parade home. Vehicles may be in closed garages or parked off-site for accessibility and safety purposes. All vehicles not in garage must be removed at least one half hour prior to opening of Parade each day.

9. Each home will have an improved drive and improved walkway. Each home will have sod in front yard, side yards, and at least partial back and appropriate landscaping.

10. New Parade Homes may not be occupied before or during the Parade of Homes. Such occupancy may mandate withdrawal of home from Parade publications and marketing and will result in forfeiture of entry fee.

11. In the event the entry is not complete when the Parade begins, the following criteria shall be adhered to:

- a. All construction shall cease during the hours of the Parade of Homes.
 - b. Construction debris and trash on the inside and outside shall be removed from the entry. Construction debris and trash shall be placed in a suitable container.
 - c. No portable toilets, roll-off or trash cans shall be allowed on site except for unfinished entries.
 - d. Entry to the home must be in such a manner to be safe to those touring the home. Porches, interior stairs and landings must have railings.
 - e. Any open floor areas in the home must be covered (i.e. floor register vents).
 - f. If power is on, all electrical outlets shall be covered and sealed.
- Should this criteria not be met, in the judgment of the Committee, the Builder forfeits his entry fee and all signage relating to the Parade will be pulled (includes directional and yard signs).

12. All Parade homes must be held open to the public during the dates and times specified by the Parade of Homes Committee. Homes must be manned during these times. Homes may be held open additional hours if builder chooses to do so, but MUST be open during the Parade hours.

13. BCHBA will furnish official Parade signs, directional sign and other materials for Parade. Only official Parade signs shall be used during the Parade dates. Official Realtor signs with name and phone number will be made available for a nominal fee. These will be attached to the Parade site signs. NO OTHER SIGNS, BANNERS, FLAGS, ETC, WILL BE ALLOWED OUTSIDE THE HOMES. This includes signs from vendors. It will be the responsibility of the Builder to enforce this rule. Flyers, literature, business cards, etc. will be allowed inside the homes or garages at the builder's discretion. All signs must be returned after the Parade.

14. Absolutely no admission fees will be charged to the public to view Parade homes. The Parade of Homes is marketed as a free event to the public, therefore, any builder that charges visitors to view his home(s) is violating the Federal Trade Commission through false advertising. Such actions may mandate withdrawal of home from Parade of Homes and result in forfeiture of entry fee. BCHBA will permit a chosen housing related charitable organization to collect donations at Showcase Home only.

15. Copyright materials provided to BCHBA: No photographs, pictures, renderings, or floor plans will be accepted for publication unless accompanied by:

- a. Written representation by the architect designer, creator, etc. that he/she has the authority to grant permission to publish the work.
- b. Written permission to publish whatever work is submitted.
- c. Agreement signed by Builder indemnifying BCHBA against loss and expense resulting from claims of copyright infringement in connection with items furnished by the Builder.

16. In consideration of this application and agreement, if accepted, I, the undersigned applicant agree to abide by the rules and regulations of BCHBA and the Parade of Homes Committee, and shall be responsible for participating Realtors or representatives abiding by said rules.
